Letter of Appeal

(Bais Brancho) FRNs: 1472437 and 1607901
471 Application # 580557

Marlene,

In 2007, we were just beginning to familiarize ourselves with the E-rate program. Back then, most schools were filing Bear forms for themselves and were generally responsible to make sure the funds were distributed properly. In the case of the school above, we were under the impression that the school was going to apply for the distribution of funds and let their bill grow to a large sum. At this time we were not generally involved with invoicing directly to USAC.

At the end of the funding year the school closed the account leaving us with a tremendous balance. Our company switched personnel, this account was lost in the shuffle and the proper extension request and appeal were not filed.

I would like to appeal USAC's decision as we were completely relying on this school to file the paperwork and we were caught blindsided. Please review my request as our company has incurred great loss due to this.

Thank you in advance for taking the time to read and review our request,

Michael Posy
